Dear Young People:
 During your school life two paramount changes have taken place throughout the entire world—a change from peace to war—a change from war to peace. Each of these changes bringing with it many life transitions of social, economic and political natures.
 May I predict another transition in several years—"Depression." What have you done during the past four years in high school to help you hurdle this obstacle? What will you do when you leave here that will help you in fighting this monster?
 Let each one seriously consider what is best for him to do and do it.
 May success and happiness be yours,

M. W. Hunter

During the past year we, the members of the Band, have enjoyed the leadership of our fine instructor Mr. Puffenberger. This year we have participated in half-time drills at most of the football games. Also we have sponsored a Clinic Band consisting of students from many schools throughout the state. This Band was under the direction of Mr. Ebbs of Hobart, Indiana.

Compliments of Max Rupe

Some of our other accomplishments were a Fall concert, a December concert, a Christmas concert, a concert in February, and a Spring concert. We have also played in the District Band Contest at Kent. This year new hats and trousers were purchased for the Band. We, the Senior members, have enjoyed the past years in the Band.
