Foreign Exchange

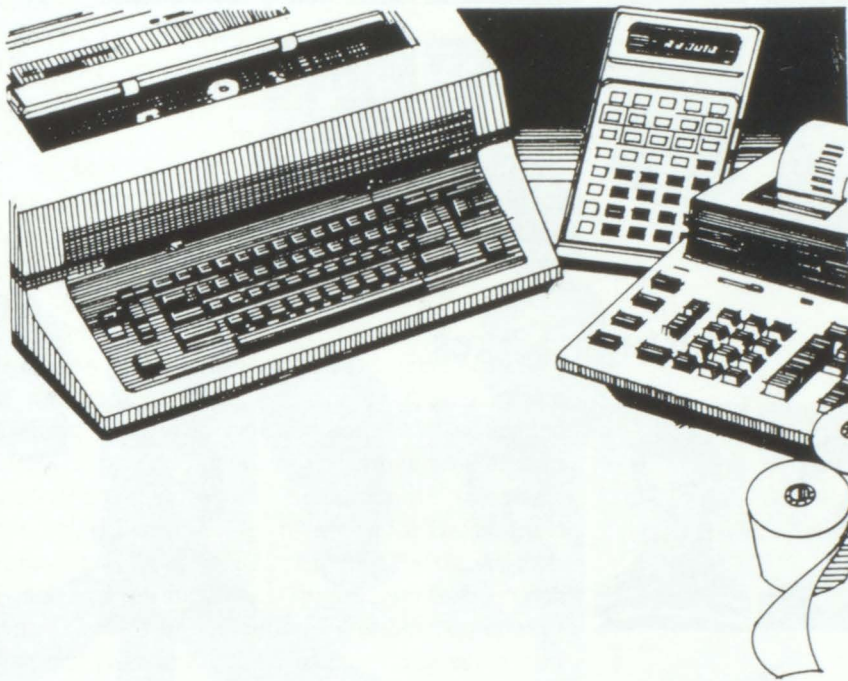

Vanessa Barreix is the foreign exchange student to Northwest this year. She hails from France, where she has already graduated from high school, but she is attending Northwest as a senior. She lives in France with her parents and two brothers. Her parents now live in Africa where her father travels and is the business administrator of a bank that assists small countries with struggling economies. Her mother was a nurse in France, but she chose not to work while in Africa. Vanessa has 2 brothers. Frank, who is 25, lives in the North of France and is an engineer. Howie, who is 26, lives in Southern France and is employed as a manager of a company. Vanessa is from the town of Bordeaux. Bordeaux is only about 3 hours from Paris. Her home has 6 rooms and has gardens around the yard.

Vanessa decided to come to the United States so she could see what Americans were like and to learn to speak better English. She likes to meet people and to travel. After arriving in the United States her first impression was that it is a large country with a large population. After, being in America for a short period of time, she could not believe the choices of clothing and all the commercials we have during T.V. shows. Vanessa says that her school in France was very different from Northwest, in that we have many more subjects than they do. Her classes in France could last from 2-4 hours. Also, the teachers in France are "more distant with their students," says Vanessa, "They just do their job." She already speaks several different languages including; Spanish, English, French, Japanese, Vietnamese, and Italian. Vanessa's future plans are to go to Africa and visit her parents for one year. She then plans to go back to France and attend a university. Her goal is to become a translator so she can communicate with foreign people.

This years 1993 football team brought many memories and joyous times to the school. They won their first game against the Norton Panthers, Which ended last years loosing streak. The school's pride was really pumping that night at the game. They also won their homecoming game against the Marlinton Dukes Which had not been done in a long time. NICE JOB GUYS!!! With all the Senior experience and the pulling together of the Juniors and Sophomores, the team stuck together and made this season a great one. The team would like to thank the fans and everyone for their support.
