Foreword

Our school is composed of many things: people who hold memories, places that shape memories, and activities that round out these memories.

We are hoping this book will be as a mirror to reflect these memories and that included in this annual is at least one memory for each and every member of Northwest High School.

The fads and fashions of today's generation may reflect the insecurity of the young people that make it up. Many do not conform — so they are called individualists, but there are so many individualists that they are becoming conformists.

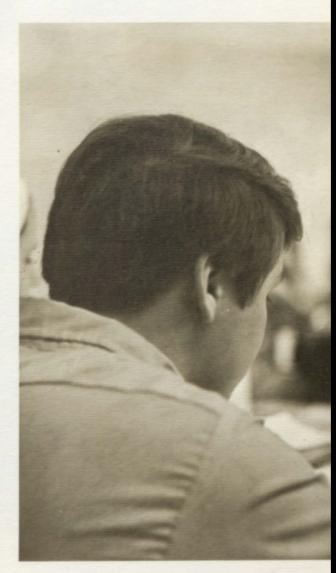

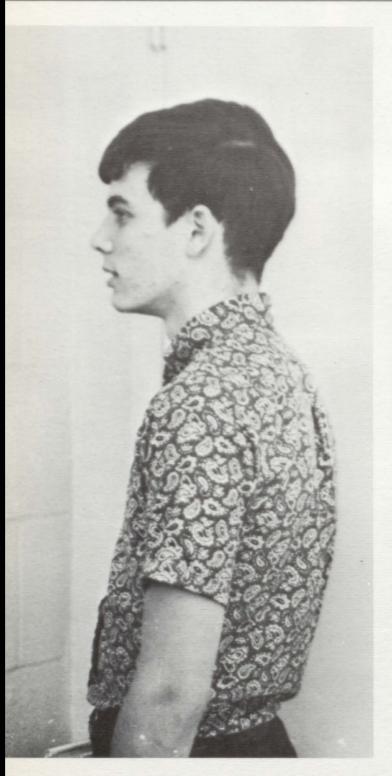

A Typical Day Inside the Doors of NHS

New Library Encourages Study

Our new library is the school's center of knowledge. Many students and faculty members spend countless hours in research, homework assignments, or just reading for their own enjoyment.

Among the new facilities of our library are an increased number of books, study carrels, individual study rooms, a faculty room, and additional visual aids.

Through the modernization of our library, it provides much needed space and eliminates the once cramped conditions which limited its use.

Our school is very proud of this new addition.

ADMINISTRATION

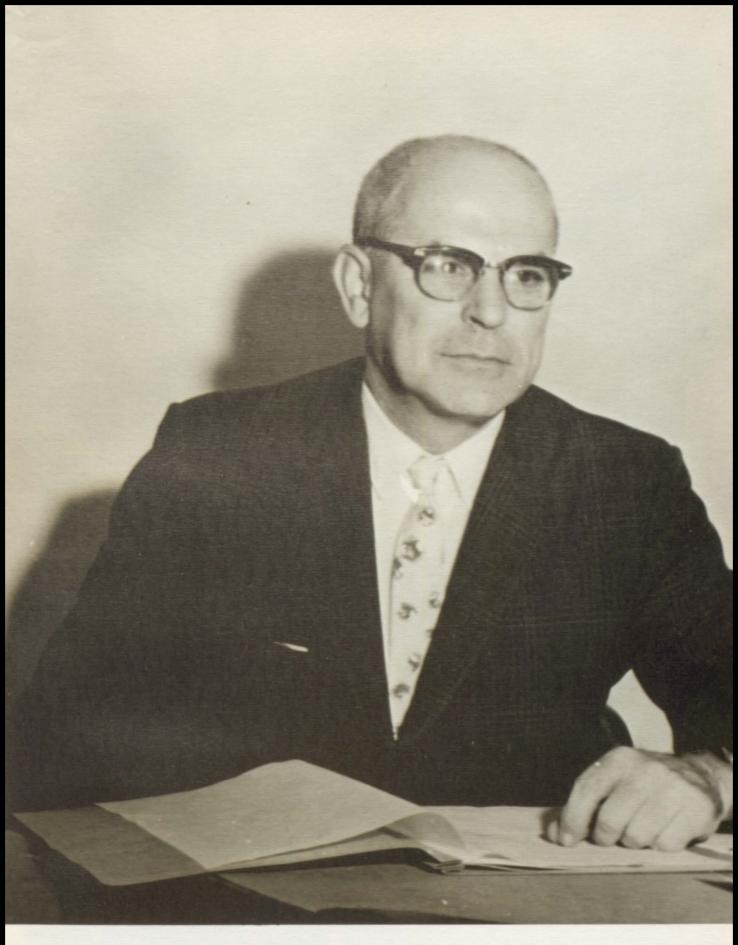

Northwest Board of Education at one of their many meetings: (left to right) Donald Swigart, Clerk-Treasurer John Juersivich, John Morgan, Dr. Martin Smilek, Dr. Duane Bricker, and J. Stanley Shondel. Partially pictured is Superintendent Russell Bethel.

Our school system is run by very capable men. We generally think of the school as being headed by the faculty, often forgetting that there are seven hard-working men actually behind the scenes. These men make the major decisions and find solutions for the many complicated situations that come about during the course of a school year.

We would like to express our deepest appreciation to these men for their dedication to our school and our community.

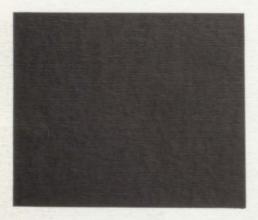

The president of the Board of Education performs many duties during his term. Of these, participating in graduation, is certainly one of the most rewarding.

RUSSELL BETHEL, SUPERINTENDENT

Mrs. Ione Grover, Mrs. Rose Esler, and Mrs. Phyllis Smith are busy with one of their many duties as secretaries in the Northwest Local School District.

MRS. GROVER

Mrs. Ione Grover goes cheerfully and efficiently about her new job as secretary to Mr. Bethel.

Even though her duties require many skills and personal qualities, she is ready and willing to meet whatever challenge may arise.

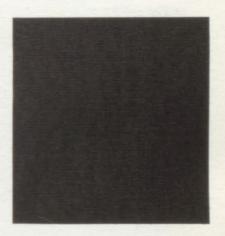

MR. JUERSIVICH

MRS. SMITH

One man who never has a free minute is our clerk-treasurer, Mr. Juersivich. He takes care of numerous duties dealing with our school. We are glad to welcome him into our system this year.

Mrs. Phyllis Smith assists Mr. Juersivich with his many tasks. In addition to her regular duties, she is always ready and eager to help out if and when she may be needed.

OUR PRINCIPAL

MR. STINSON

Not only is Mr. W. S. Stinson an efficient school administrator, he is also an understanding friend. Even though he is burdened with the responsibility of operating the school, he shows great interest in all Northwest students and the extra-curricular activities. He is always eager to help a student seek a solution to his problems.

MRS. RHOADES

Writing out passes and making morning and afternoon announcements may be the only two things our students realize our secretary does every day, but actually she is the backbone of our school administration. She not only has to carry out the duties of a regular secretary, but must remain cool, calm, and collected. Every member of the administration appreciates the work-both mental and physical that she does and we would like to recognize her for her efforts.

Assistant Principal, ALPHA MAYFIELD

The job of assistant principal is a difficult one and not easily performed.

Mr. Mayfield works in close contact with the student body every school day. He is involved with their problems and understands their need for guidance.

We appreciate his friendliness and most of all his willingness to help.

Loud and lively entertainment offered by

Over The Rainbow

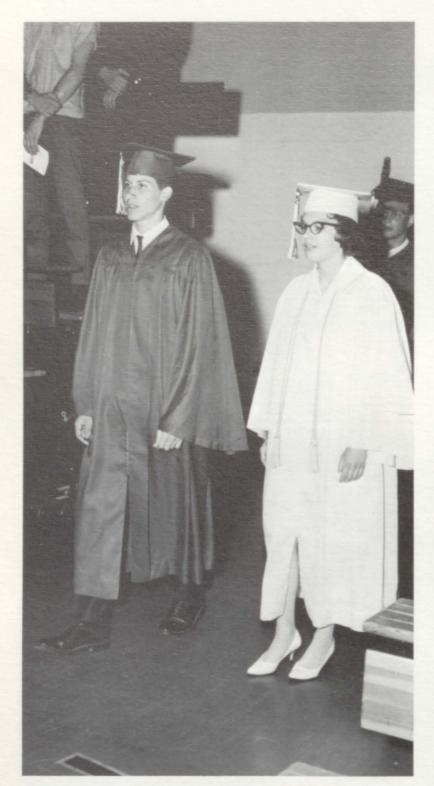

Follow the yellow brick road ... follow the yellow brick road. This was the invitation given to the members of the Junior and Senior classes which led them to the fantasy world of "OVER THE RAINBOW". As each person entered through Dorothy's house, they repeated her journey on the yellow brick road to the Emerald City. On their journey they met the Muchkins, the scarecrow, the tin man, the cowardly lion, and of course the good witch who led them to the Emerald Castle. An enchanting journey somewhere over the rainbow.

Season

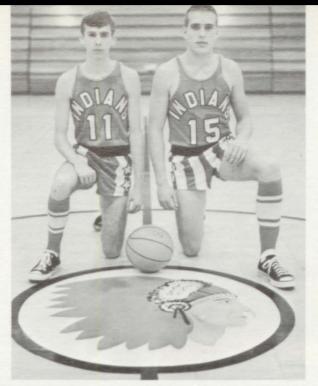

We have had a new basketball coach here at Northwest High School this year.

Mr. Bower arrived with the goal of making the Indians a winner. He has shown us that hard work and the willingness to win pays off.

Head Coach Glenn Bower, Assistant Coach Nick Corral, and Manager Chuck Korom.

John and Bob are our Indians' Captains. They are also both seniors. These two hard working players led our team with a rugged scoring combination, as well as defense. They both were chosen for the Akron Beacon Journal's All-Senate League All-Star Team.

Defense Is Indians' Game

This season has been full of many exciting games. Our Indians got off to a slow start but came back fighting to come out 9-9 over all.

Our team has kindled a new spark in the fans and in the school. This spark is Spirit. If the team knows the school's behind them, they'll win.

The Indians worked all year to win. In the tournament at Lake they played like there was only one way, and that was to win. Our Indians played their best game of the season against Mogodore, who last season beat us by 28 points in the tournament. This year our team was determined to win but due to Mogadore's excellent shooting we lost by 6 points. This was a real heart breaker for the team and the school. The whole school is very proud of Our team of "68."

Wrestlers Notch 11-1 Record

This year our wrestling team, under coach Mayfield, worked hard all season and comprised a very fine 11-1 record.

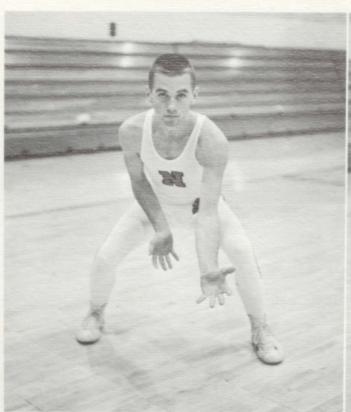

This record is the best mark in the school's wrestling history. A tremendous amount of effort by every member of the team resulted in our school being recognized as one of the finest wrestling schools in the area again this year.

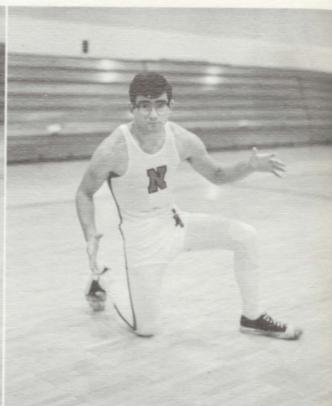

The team motto was "you meet the best at Northwest." The only loss of the season was a 1-point setback to Cloverleaf. The team traveled as far as Marietta representing our school and they surely can be proud of their excellent season.

Golf Team Shines Bright For '68

Northwest Golf is becoming a real competitive sport. The team members have been working hard to become a winner. The returning lettermen are seniors Bob Swoger, John C. Schwendiman, Larry Reynolds. Juniors are Jerry Reynolds, and Jack Manda.

Coach Nick Corral has guided the team for the past three years.

Special thanks should be given to Mr. Griffith who has permitted the team to use Spring Hill Country Club as their home course.

Bowling Team Newest Sport At NHS

The members of our bowling team are selected by a roll-off of which the five highest players win team position. Alternates stand by to relieve a member if he is absent or if his average drops before a match. There are more matches than practice sessions for the team. They participate in a game once a week for three weeks and practice one night during the 4th week. The team members must provide their own transportation. However, Mr. Williams, their coach, takes as many with him as he can. Their home court, Slovene Allies of Barberton, provides the members with bowling shirts and offers allies at half-price for all practice sessions.

The "67" season for the Indians proved rewarding. The team placed first in the Senate League along with East Canton. The team members played like real champions to accomplish this goal. Track Team Takes Second Place In Stark County "A" Track Meet

Freshman Latin Club members are auctioned off annually to the highest bidder. In order to bid, one must be a member of the Latin Club in good standing.

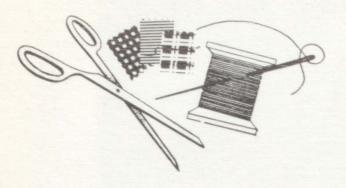

The "slaves" as they are called perform numerous and various tasks that their "master" requests them to do during the week. The week is then climaxed by the Roman Banquet.

Latin Club every year sponsors a Roman Banquet.
At this Banquet, the girls dress in long flowing Roman Style gowns, while the boys wear togas. This Banquet has all the effects of a real Roman Banquet from eggs to apples.

The Latin Club also attends a convention in Columbus at Ohio State University and is under the supervision of Miss Fletcher.

Y-Teens is an organization formed to promote friendly relationships between girls of America. The advisors are Mrs. Reppart and Miss Fletcher. The Y-Teens pack shutin boxes each year at Christmastime which are delivered to shut-ins in our community. They also sponsor our morning devotions each morning.

This is one of the annual events the Y-Teens holds. Here is Nancy Racin at the mixer, which is put on at the beginning of the year for the girls to get better acquainted. This year's theme was a Little Kids Party.

ou probably recall that at one point in her adventures in wonderland, Alice found she had to keep running faster and faster to stay in the same place. We know how she felt. Over the years, dozens of companies have challenged the leadership of Hoover cleaners... unsuccessfully. We've maintained our leadership through a constant program of product development and improvement for our cleaners, and for our many other products. So, in effect, we keep running faster and faster to stay where we've always been... in first place. It isn't easy, but it would be a lot tougher without the dedicated skills of all the men and women of The Hoover Company.

A Timken bearing never asks about your race, color, creed or national origin.

The quality of our products depends upon the ability of the men and women we employ.

So it's no surprise that our employment policy is based only on your ability. Not on your place of birth, your religious faith, or the color of your skin.

One of our vice presidents describes it this way: "We hire people." We also recruit people on college campuses, train people in apprenticeship programs, promote people to better, more responsible jobs.

Our long-standing policy has been clearly and simply stated and restated as follows:

"The Timken Roller Bearing Company reaffirms its policy of treating all employees and applicants, whether or not they are members of minority groups, equally according to their individual qualifications, ability, experience and other employment standards."

It means we can select from all qualified job seekers, not just a chosen few. It gives us a larger labor market from which to pick.

And that's what we pick... the qualified. It takes qualified people, working under the best conditions, to make the best Timken® bearings, Timken steel and Timken rock bits.

The Timken Roller Bearing Company.
