Dear Young People:

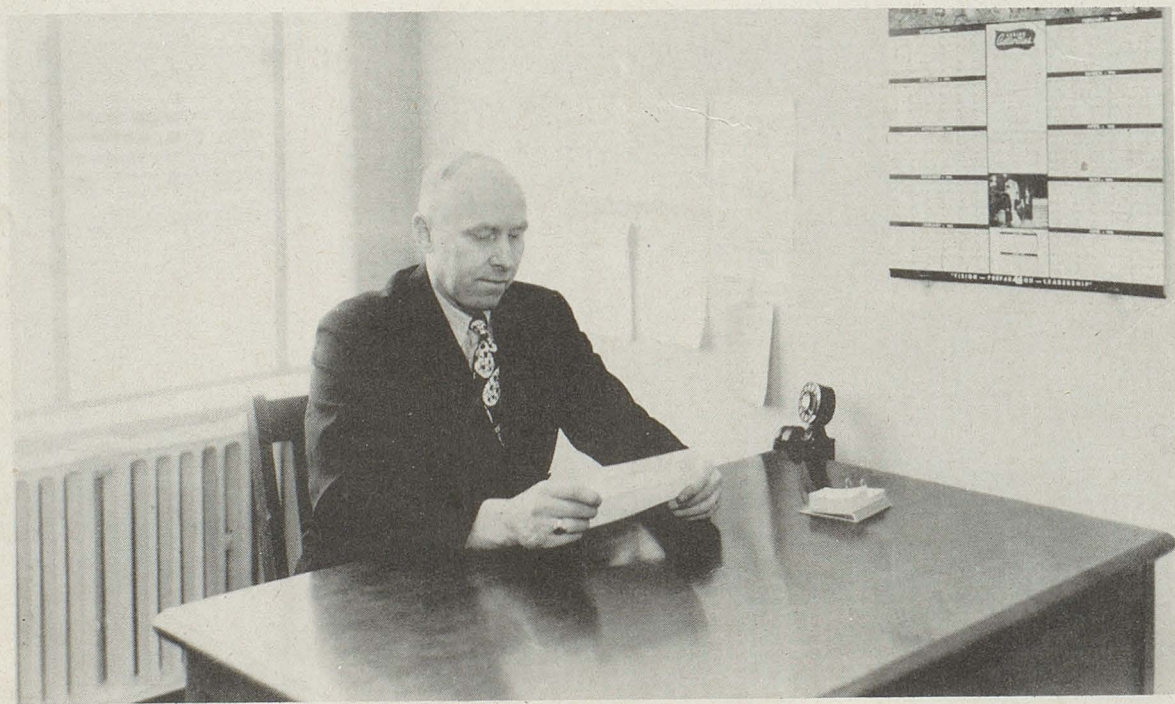

During the past twelve years you have been given a set of tools. How well you use these tools to build a safe world in which to live depends upon you. You are confronted with the greatest building job in history. May you be prepared to so build that the tests of time cannot tear down that which you have accomplished.

Best of luck!

CLASS PATRON

As the class of 1945 comes to the parting of the ways, we think in retrospect of the days we spent together. In our minds are those empty chairs which appeared one by one as the boys from our class answered the call to the service of our country. Though they are not present with us, their memory lingers in our hearts. Then there is Miss Simpson, whom we chose as our class patron when we were a rollicking and riotous group of fifty-three freshmen. In spite of all our foolish foibles and deliberate misdemeanors, she has endured us to the end and therewithal endeared herself to us, each and every one. And dear old Fulton High—as we take leave of you, we trust that the boys and girls who follow us will love you as we have and better appreciate the things you offer.

MR. HAWK

We feel that Mr. Hawk has done his part in reorganizing our band the past year. Since this is Mr. Hawk's first year here, the Seniors who through graduation must leave his organizations wish him continued success in the years to come.

## THE BAND

Our band gave peppy shows and marching maneuvers for our football games. The "hit" of the season was the "Homecoming Game." One of the proudest moments was marching with the band down that long line on the field.

In basketball season our band enlivened our spirited pep meetings—with its animated marches. Of course, the student directors wouldn't have anything to do with that!

The spring project was a well-prepared concert.

**GLEE CLUB**

At the beginning of the school year the boys reported for football only to find that they were without a coach. Mr. Hunter then took on these duties along with his superintendency. Although this caused him many inconveniences, Mr. Hunter worked very hard in developing a good football and basketball team. The Senior boys wish to express their gratitude and appreciation for his leadership and we hope he can continue his career in many successful years to come.

**Compliments of Joe Adams**

The football squad, with seven seniors as a nucleus, was the best put on the field by Fulton in the last few years. Winning only two games, the Indians however showed some good football to the student body. Injuries slowed up the team in the latter part of the season, but the remainder of the boys carried on the fight. We wish to give a big "TEAM RAH" for these gallant warriors.
