Bump, Set, Spike!! This was quite an interesting year for our JV volleyball players!

This year's team consisted of mostly freshmen with a junior and sophomore. There was a wide range of scores this season, but as it is in all sports there were losses. As teams lose, however, they learn something new and hone their skills! Good job this season!

"We started off the season not well, but progressed to be a very competitive team. We had one senior this year, and I'm excited for next year's season. We'll have more returners, and practicing hard in the off season will make us a better team," says Coach Rafailedes. The volleyball record started off with two losses, but Northwest came back with wins later in the season to improve to a record of 8-17. Our varsity team had one Senior, three Juniors, four Sophomores, and one Freshman. Having younger girls on varsity will be beneficial next year. With more returners, the seasons to come will be successful and bring Northwest winning titles.

Our offensive line gets ready for the snap by Jerrad Cox against the Cardinals.

The true measure of a man is not what he achieves, but how he overcomes. The 2012 Northwest Football Season was not a success in wins and losses, but it was a great Football Season. It would have been easy to pack it in and quit when times got tough, but this team was just like saying, "When the going gets tough, the tough get going". The players overcame many adversities such as losses and injuries, and they worked harder and harder every week. Leading or being very close, most of our losses came late in the fourth quarter, which is a sign of youth and inexperience. I commend the players for their hard work, and teamwork, especially the seniors. They stuck together and finished the season by winning two of our last three games. I am proud of this team. As for next season's players, remember that: "A set back is only a setup for a comeback".

This year's basketball season has been a great experience for me. We had a great team that worked well together and a great season. Our team had a lot of ups and downs but in the end we became stronger as a family and as a team and learned how to work together. It was a fun season and I'm looking forward for the next season with new people and more talent.
