PRESENTED by The Class

This first edition of the Indian marks a milestone in our school history, for it is the first year book of the newly formed Northwest School District — a result of the merging of the former Canal Fulton District and a portion of the West Franklin School District. This has been a progressive step, for now we can offer more courses, have keener competition within the school, and more varied activities. Like the merging of two rivers which in turn become one current — nor look backward but flow peacefully onward — forgetful of their mingling streams, so we at Northwest High School have become one and have had a good year. We look forward to the completion of our new building which will be financed by a bond issue passed last fall.

This year the band had a very active season. This fall we marched at the fair. We put on half time performances for most of our football games. The concert band played their three annual concerts and held a band clinic at our school on which we played a short concert.

## Which is stronger?

**I**T'S the one on the right because it's a door of an American home. No one can get through without permission. Not even a policeman, unless he has a search warrant.

Here, in America, your right to freedom from search without warrant is guaranteed by The Constitution itself.

How different behind the iron curtain! There, the people have no such protection. And even a solid oak door, strong enough to guard a fortress, can't keep out the secret police. When they want in they get in, eventually, even if they have to use a battering ram. But the flimsiest screen door in America can keep out the police unless they have a search warrant.

Because we Americans take our rights for granted, it's hard to believe that there are "pinkos" and fellow-travelers amongst us who want to take away our freedom from search without warrant. It's just part of their plan to steal all our rights, like the right to own property, the right to work wherever we please, the right to vote secretly and all the rest.

The best way to protect a right is to use it. So if you ever hear anyone come out in favor of permitting arbitrary search and seizure on some pretext or other, set him straight! Remind him that freedom from search without warrant is a right guaranteed every American by The Constitution.

Remember, they're *your* rights, so treat them *right*!

### DO YOU KNOW YOUR RIGHTS?

As Americans, we have the greatest freedom and the highest standard of living in the world. Help keep it that way by knowing your rights and guarding them well. Some of them are:

- Freedom of worship
- Right to secret ballot
- \*Right to know how your union spends your dues
- Freedom of speech
- Freedom of the press
- Right to criticize officials
- \*Right to know salaries of your union officers
- Freedom from search without warrant
- Right to petition government for redress of grievances
- \*Right to know if your union officers are Communists
- \*Right to know how your union is run
- Right to speedy and public trial by jury
- Right to help of a lawyer
- \*Right to hear your employer's side of disagreements
- Right not to appear as a witness against yourself
- \*Right to refuse to permit the "check-off" of union dues
- \*Right to go direct to your boss with a grievance
- Right to be presumed innocent until proved guilty
- Freedom to own property
- \*Right to work despite union jurisdictional disputes
- Freedom to work in any locality
- \*Right to proper supervision of your union welfare funds
- Freedom to start and manage a business
- Freedom to make a profit
- \*Right not to be fired by union leaders
- \*\*Right to vote on company's best offer

\*These are rights you enjoy under the Taft-Hartley law.  
\*\*This is a right enjoyed by members of United Steel Workers, C.I.O. only when the Taft-Hartley law is invoked.

TREAT THEM RIGHT!**
