MUSIC

The band this year had a very active season. This fall we marched at the fair, football preview, and the band preview at North Canton. We put on half time shows at all the football games. The concert band played three annual concerts. We played a Christmas program and short concerts at the clinic, at Carrollton, and Canton McKinley.

We, the senior band members, wish to express our appreciation to the band and Mr. Puffenberger. During our years in the band we have had a great deal of fun along with the hard work that it has taken to make a good band. We have profited greatly from Mr. Puffenberger's good council and hope the succeeding bands enjoy their work and have many successful years.

These are American newspapers!

THE foreign language newspapers you see here are as American as the funny papers. Yet these papers are published in languages that look very strange to most of us. They are just a few of the many hundreds of foreign language newspapers published in America. The publishers of these papers have the same freedom to express their views and support their interests that English language newspaper publishers have.

The right to publish what we please, and in any language we please, is one of the freedoms guaranteed to us by our Constitution along with the right to secret ballot, freedom of worship and many others.

In some countries these rights are being wiped out because they stand in the way of a totalitarian state. There, free-speaking newspapers have been replaced by state-owned propaganda machines. Religion has been suppressed. History re-written to glorify the state. There are those in this country who would like to re-write our Constitution so that it would wipe out our rights, too. The only way we can prevent this is to stand up for our rights whenever we see them threatened.

Remember, they're your rights, so treat them right!

DO YOU KNOW YOUR RIGHTS?

As Americans, we have the greatest freedom and the highest standard of living in the world. Help keep it that way by knowing your rights and guarding them well. Some of them are:

- Freedom of worship
- Right to secret ballot
- *Right to know how your union spends your dues
- Freedom of speech
- Freedom of the press
- Right to criticize officials
- *Right to know salaries of your union officials
- Freedom from search without warrant
- Right to petition government for redress of grievances
- *Right to know if your union officers are Communists
- *Right to know how your union is run
- Right to speedy and public trial by jury
- Right to help of a lawyer
- *Right to hear your employer's side of disagreements
- Right not to appear as a witness against yourself
- *Right to refuse to permit the "check-off" of union dues
- *Right to go direct to your boss with a grievance
- Right to be presumed innocent until proved guilty
- Freedom to own property
- *Right to work despite union jurisdictional disputes
- Freedom to work in any locality
- *Right to proper supervision of your union welfare funds
- Freedom to start and manage a business
- Freedom to make a profit
- *Right not to be fired by union leaders

*These are rights you enjoy under the Taft-Hartley law.

**THEY'RE YOUR RIGHTS,
TREAT THEM RIGHT!**
