OUR OWN GONG SHOW

JULIAN GUTIERREZ

Julian Gutierrez is our exchange student this year. Julian is from Colombia and will be living in Canal Fulton until August.

In Colombia, Julian is a freshman in college and he is studying system engineering. He attends the Universidad Pilote de Columbia.

In this Latin American nation, Julian is very active all through the year. He plays tennis and is the State Champion there. Julian also enjoys mountain climbing and photography.

When Julian first came to the U.S. he was a little surprised. Julian said, "The people are friendlier than I thought they would be". Julian enjoys going to Northwest High and would like to plan on going to college here in Ohio.

Julian is active in extracurricular activities at the school. He takes pictures for the Smoke Signals newspaper and is in the ski club.

Julian has put forth effort in trying to help the school in any way he can. He helps the teachers by doing what is asked of him. Julian understands things pretty well now and tries to help when he can.

Remember all the fun times during your high school years? Remember those different sports events which you attended and in which you participated. What about the different clubs and offices you took part in; the different music programs you helped put on? Remember that special date? What about the chemistry experiment that didn't turn out just right? Ever remember staying up very late trying to get projects done that were due the next day?

The Class of Nineteen Hundred and Seventy-nine has contributed a lot to Northwest High. In return, Northwest High has contributed a lot to the members of the Class of Seventy-nine. Remember all the times of high school! The year of 1979 is an ending and yet a beginning. It is an ending of your high school years and a beginning of your future. Remember what ever you want to do, it is within your reach.
