CHIEFTAIN

"While in these days of quiet desperation
As I wonder through the world in which I live
I search everywhere for some new inspiration
But it's more than cold reality can give
If I need a cause for celebration
Or a comfort I can use to ease my mind
I rely on my imagination
And I dream of an imaginary time

I know that everybody has a dream
Everybody has a dream
And this is my dream, my own
Just to be at home
And to be all alone . . . with you."
Billy Joel

THEY CAME TO AMERICA . . .

Haillade

In the faraway land of Brazil lived a girl who was planning her first trip to America. What could she expect in this land of opportunity? Who would her friends be? What foods would she eat? What would she do in her spare time? What music would she listen to? A thousand questions with no answers. Haillade Mello Gasparetti packed her bags and embarked on her year of discovery. Haillade was looking forward to concluding her high school years in the U.S. She felt the experience of living in a foreign country for an extended period of time would be a great benefit in her future. After attending college in Barzil, Haillade wishes to return to the U.S. to work toward a specialization in her chosen career in the medical field.

From another faraway land an anxious student awaited her trip to the U.S. Far from her home in Finland, Sari Vantinen also contemplated her visit to America. Would she enjoy it? Would it be all that she had heard? Would she like her school? Once again, questions with unknown answers. Sari explained the difference in American schools from those of Finland. In Finland students attend a comprehensive school for nine years. They then may enter a vocational school or one similar to that of an American high school. Sari enjoyed her school year here in the U.S. She also expressed a desire to one day return to America.

A MEMORIAL

It's a tragedy when anyone dies, especially when a young person dies. It's even more tragic when the young person was a friend. So it was with Steve Graham. Nothing will bring him back, but he lives in the memories of the many who knew and loved him.
